

# TFH Lawnmower purchased 28.6.22 - delivered by Nicolas.

Fuel - Sans Plomb 98

First free run-in service after 15hrs

Manual in bureau

Key hanging up in larder.

1 Start position

2 Cutting position

3 Drive position

4 Put in this position before turning off with ignition key

5 Very important! Read manual about reversing with cutting gear down. The engine will stop and not be able to be started unless correct procedure is followed

Forward and reverse pedals

Foot brake and park brake

Cutter height

Cutter on and off button

Mulch converter. Only use on cutter height 1. See separate mulching manual for fitting guide.

NOTE: Grass collector is a bit fiddly to put on if gets removed. Check carefully that the brackets are lined up inside. A high pitched buzzer goes off when caddy is full up.
